Pass the first “bicycles watch downhill speed” sign. Find where the trail splits right to a couple of picnic benches. From the cigarette tray take a bearing of 310 degrees, NW to path leading to the fence. Look between (behind) a small shrub's trunk and the fence.

Hungry Hungry Games

Continue on until you get to a second “bicycles watch downhill speed” sign. Then head 35 steps back the way you came (60 degrees) east to the top of a small hill. Look at the base of a cactus under concrete chunks.

Hike length: 0.96  
miles
